NEW THURAYA XT-PRO DUAL DUAL MODE - DUAL SIM

The Thuraya XT-PRO DUAL is the world's first dual-mode, dual-SIM phone, bridging the gap between satellite and terrestrial communications. By using both a satellite SIM card and a GSM SIM card, you can now move in and out of terrestrial coverage with ease, enjoying connectivity no matter where you are. Highly ruggedized with a shockproof, water and dust resistant body, the XT-PRO DUAL also comes with advanced navigation capabilities through GPS, BeiDou, Glonass and Galileo for the highest flexibility in all regions.

No matter where you are or how remote your location, we keep you connected. Thuraya's comprehensive satellite network provides reliable, clear and uninterrupted communications in more than 160 countries across Europe, Africa, Asia and Australia; and in GSM-mode the phone supports most 2G/3G frequencies across the world.
